Chairman's Statement (Continued)

主席報告(續)

Dear Shareholders,

On behalf of the Board and management, I extend my deepest gratitude to our shareholders, clients, and partners for their trust and steadfast support.

The operating environment in 2025 remained challenging, with conditions largely unchanged from 2024. For the financial year ended 2025, the Group recorded revenue of approximately RMB302 million, representing a decline of 7.1% compared with RMB325 million in 2024.

During the Reporting Period, the Group continued to focus on projects in China, Malaysia, and Indonesia. However, persistent domestic and global economic headwinds weighed on our operations.

Despite these pressures, we remain committed to turning challenges into opportunities. The Group is actively pursuing high-growth initiatives to diversify our portfolio and establish multiple income streams that support sustainable long-term growth. In line with this strategy, we have commenced construction work in Hong Kong through a joint venture. We believe this new business line has the potential to become a significant contributor to the Group's future earnings.

We also recognize the importance of strengthening relationships with our clients and stakeholders, particularly in times of uncertainty. By listening closely to their needs and collaborating on innovative solutions, we have reinforced our reputation as a trusted partner dedicated to their success.

Looking ahead, the management team is determined to emerge from this period leaner, more strategic, and agile. We are prepared to confront new challenges and seize opportunities that will drive growth and create value.

Together, we have weathered adversity. With innovation, diversification, and collaboration as our guiding principles, we will continue to chart a path toward sustainable success for all stakeholders.

Thank you for your continued confidence and support.

Zhou Shuhua
Chairlady and Executive Director
31 March 2026

尊敬的股東：

謹代表董事會及管理層，向各位股東、客戶及合作夥伴致以最誠摯的謝意，感謝您一直以來的信任與支持。

二零二五年的營運環境依然嚴峻，與二零二四年相比並無明顯改善。本集團於截至二零二五年止的財政年度錄得收入約人民幣3.02億元，較二零二四年的約人民幣3.25億元下降7.1%。

於報告期內，本集團持續專注於中國、馬來西亞及印尼的項目。然而，持續的國內及全球經濟逆風對本集團的營運造成壓力。

儘管面臨壓力，本集團仍致力於化挑戰為機遇，積極尋求高增長業務以推動多元化，建立多重收入來源，支持可持續的長期增長。根據此策略，本集團已透過合營企業在香港展開建築工程。我們相信此新業務有望成為本集團未來收益的重要來源。

我們亦深知在不確定時期加強與客戶及持份者的關係至為重要。透過細心聆聽他們的需求並共同尋求創新方案，本集團進一步鞏固了作為值得信賴的合作夥伴的聲譽，致力於助力他們的成功。

展望未來，管理層決心以更精簡、更具策略性及更靈活的姿態走出當前時期。我們已準備好迎接新挑戰並把握機遇，以推動增長及創造價值。

我們已共同渡過逆境。以創新、多元化及合作為指導原則，本集團將繼續為所有持份者開創可持續成功之路。

謹此再次感謝您一直以來的信任與支持。

Management Discussion and Analysis

管理層討論及分析

OVERVIEW

The Group is primarily engaged in dredging business, which can be divided into three main operating and reportable segments, namely, (i) capital and reclamation dredging business (the “CRD Business”); (ii) environmental protection dredging and water management business (the “EPD and Water Management Business”); and (iii) other works operated in marine sites such as hoisting wind power equipment, installing major parts of docks and bridges, as well as laying underwater pipelines and salvaging (the “Other Marine Business”). In addition, the Group has set up property management business in respect of the management of Xingyu International Houseware Plaza* (興宇國際家居廣場) (the “Property Management Business”).

FINANCIAL REVIEW

Revenue

For the year ended 31 December 2025 (the “Reporting Period”), the Group recorded a decrease by about 7.1% in total revenue from approximately RMB325 million for the year ended 31 December 2024 to approximately RMB302 million.

As regards the CRD Business segment, revenue of approximately RMB28.9 million was recorded for the Reporting Period, which increase significantly by about 93.8% when compared to that for the year ended 31 December 2024. The increase in revenue generated from the CRD Business segment was primarily due to the successful execution and settlement of payments of one relatively large CRD project during the Reporting Period.

Revenue of approximately RMB6.9 million was recorded for the EPD and Water Management Business segment, representing a decrease by about 16.9% from its corresponding segment revenue for the year ended 31 December 2024. The decrease in revenue was due to a reduction in the number of projects launched during the Reporting Period.

Revenue for the Other Marine Business was approximately RMB266.4 million, representing a decrease of 11.5% as compared with the corresponding period of 2024. The main reason for the decrease in revenue was a decrease in the number of projects implemented during the Reporting Period.

概覽

本集團主要致力於疏浚業務，相關的業務可分為三個主要營運及可呈報分部，即(i)基建及填海疏浚業務(「基建及填海疏浚業務」)；(ii)環保疏浚及水務管理業務(「環保疏浚及水務管理業務」)；及(iii)海上操作的其他工程，如風力發電設備吊裝、碼頭和橋樑建設大件安裝、水下管線鋪設及打撈工程(「其他海事業務」)。此外，本集團就管理興宇國際家居廣場設立了物業管理業務(「物業管理業務」)。

財務回顧

收益

截至二零二五年十二月三十一日止年度(「報告期間」)，本集團錄得之總收益由截至二零二四年十二月三十一日止年度的約人民幣325,000,000元減少約7.1%至約人民幣302,000,000元。

於報告期間，基建及填海疏浚業務分部錄得收益約人民幣28,900,000元，較截至二零二四年十二月三十一日止年度的收益大幅增加約93.8%。基建及填海疏浚業務分部產生的收益增加乃主要由於報告期間一個規模較大的基建及填海疏浚項目已成功執行並完成款項結算。

環保疏浚及水務管理業務分部錄得收益約人民幣6,900,000元，較截至二零二四年十二月三十一日止年度相應分部收益減少約16.9%。收益減少乃由於在報告期間開展的項目數量減少。

其他海事業務錄得收益約人民幣266,400,000元，較二零二四年同期減少11.5%，收益減少的主要原因是報告期間執行的項目數量減少。

Management Discussion and Analysis (Continued)

管理層討論及分析(續)

FINANCIAL REVIEW (CONTINUED)

Revenue (Continued)

Revenue from the Property Management Business segment declined to nil during the Reporting Period, compared to approximately RMB0.9 million for the year ended 31 December 2024. The absence of income during the reporting period was primarily due to the Group's strategic decision to temporarily suspend operations for a major renovation of its shopping mall. Management views this renovation as a strategic investment to enhance facilities, improve market appeal, and drive stronger leasing performance in the future.

Operating Cost and Gross Profit

The Group's operating cost decreased from approximately RMB296.6 million for the year ended 31 December 2024 to approximately RMB241.4 million during the Reporting Period, representing a decrease of about 18.6%. The reduction in operating costs was attributable to a decline in sub-contracting expenses, coupled with lower non cash depreciation charges compared with the previous year. This combination of factors contributed to improved cost efficiency during the Reporting Period.

The Group recorded a gross profit of approximately RMB60.8 million for the Reporting Period as compared with a gross profit of approximately RMB28.6 million for the year ended 31 December 2024. Gross profit margin of 20.1% was recorded for the Reporting Period as compared with a gross profit margin of 8.8% for the year ended 31 December 2024. Despite a decline in overall revenue, both gross profit and gross profit margin recorded an increase. This improvement was primarily driven by a significant reduction in operating costs, which more than offset the impact of lower revenue.

財務回顧(續)

收益(續)

於報告期間，物業管理業務分部的收益下降至零，而截至二零二四年十二月三十一日止年度則錄得收益約人民幣900,000元。報告期間並無產生收入，乃主要由於本集團作出戰略決策，暫停其購物商場的營運，以進行大規模翻新工程。管理層視此次翻新工程為一項戰略投資，旨在提升設施水平、增強市場吸引力並推動未來租賃表現增長。

營運成本及毛利

本集團的營運成本由截至二零二四年十二月三十一日止年度的約人民幣296,600,000元減少約18.6%至報告期間的約人民幣241,400,000元。營運成本下降乃由於分包費用減少，加上非現金折舊開支較去年減少所致。該等因素共同促成了報告期間成本效率的提升。

本集團於報告期間錄得毛利約人民幣60,800,000元，而截至二零二四年十二月三十一日止年度則錄得毛利約人民幣28,600,000元。報告期間錄得毛利率20.1%，而截至二零二四年十二月三十一日止年度則錄得毛利率8.8%。儘管收益整體下滑，毛利及毛利率卻雙雙呈現增長。此一改善乃主要由於營運成本大幅降低，其效果已充分抵銷了收益下跌所帶來的影響。

FINANCIAL REVIEW (CONTINUED)

Net Other Gains and Losses

The Group recorded a net other gain of approximately RMB3 million during the Reporting Period as compared with a net other loss of approximately RMB2.3 million for year ended 31 December 2024, which was primarily caused by the exchange gains for the Reporting Period.

Expected Credit Loss Allowance

As a prudent measure in managing the trade receivables and other receivables, the Company appointed an independent external professional valuer to make an independent valuation and based on its suggestion to recognise the allowance for expected credit losses on trade receivables and other receivables of approximately RMB11.5 million in total for the Reporting Period (2024: approximately RMB7.1 million).

Impairment loss on property, plant and equipment

During the Reporting Period, the Group did not recognize any non cash impairment losses on property, plant, and equipment (2024: approximately RMB135.3 million). Impairment assessments indicated that the aggregate carrying amounts of the Group's vessels, dredgers, and related plant and machinery were approximate to their respective recoverable amounts. As no impairment was considered necessary, no impairment losses were recorded.

Marketing and Promotion Expenses

No marketing and promotion expenses were incurred during the Reporting Period, compared with approximately RMB0.13 million for the year ended 31 December 2024, primarily due to reduced marketing and promotion activities.

Administrative Expenses

Administrative expenses for the Reporting Period amounted to approximately RMB46.7 million, representing a decrease of about 5.7% from approximately RMB49.5 million for the year ended 31 December 2024. The reduction in administrative expenses was primarily attributable to lower depreciation charges under this category, following the relatively high depreciation expenses recorded in the prior year.

FINANCIAL REVIEW (CONTINUED)

Business Review

In recent years, the Group has maintained its domestic operations while actively pursuing dredging project opportunities across Southeast Asia and Belt and Road countries. During the Reporting Period, the Group participated in dredging projects in Malaysia and Indonesia. However, challenging economic conditions both domestically and internationally hindered project execution, resulting in continued performance decline.

Despite persistent effort and strategic execution, the Group recorded a 7.1% decrease in total revenue during the Reporting Period. The downturn reflects broader macroeconomic pressures, particularly in the EPD and Water Management Business and other Marine Business sectors, where sustained weakness in the domestic economy has made significant growth difficult to achieve.

The Group's primary focus remains on its Other Marine Business segment, which includes offshore wind power equipment installation, heavy lifting for port and bridge construction, underwater pipeline installation, and related engineering services. Nevertheless, this segment also faced considerable challenges during the Reporting Period, limiting its contribution to overall performance.

Xingyu International Houseware Plaza, located in the administrative centre of Yandu District, Yancheng City, Jiangsu Province, within the Yancheng National High-Tech Industrial Development Zone, has a gross floor area of 75,600 square meters and is primarily used for leasing under the Property Management Business. During the Reporting Period, the retail leasing market continued to experience a significant downturn. In response to these challenging market conditions, the Group made the strategic decision to temporarily suspend the operation for carrying out a renovation of its shopping mall under the Property Management Business segment. This initiative was implemented with the objective of enhancing the mall's facilities and overall appeal, thereby positioning the property to achieve stronger performance and generate higher returns in future leasing activities. While the renovation temporarily impacted revenue, management views this investment as a necessary step to secure long-term growth and competitiveness in the leasing market.

In addition to the Houseware Plaza, the Group owns a hotel project with a gross floor area of approximately 20,000 square meters, located on the west side of Caihong Road in Yancheng City, Jiangsu Province. Construction of the hotel has been suspended.

Finally, the Group started to pick up some construction engineering project in Hong Kong.

業務回顧

近年來，本集團在維持國內業務的同時，積極拓展東南亞及一帶一路沿線國家的疏浚工程機會。報告期間，本集團在馬來西亞及印尼參與疏浚項目。然而，國內外嚴峻的經濟形勢阻礙了項目推進，導致業績持續下滑。

儘管本集團持續努力並實施戰略部署，報告期內的總收益仍錄得7.1%的跌幅。業績下滑反映出宏觀經濟的承壓範圍較大，尤其是環保疏浚及水務管理業務以及其他海事業務分部，國內經濟持續疲軟使得該等分部難以實現顯著增長。

本集團的主要重點仍為其他海事業務分部，涵蓋海上風電設備安裝、港口碼頭和橋樑建設大件吊裝、水下管線鋪設以及相關工程服務。儘管如此，此分部在報告期內同樣面臨較大挑戰，對整體表現的貢獻有限。

興宇國際家居廣場位於江蘇省鹽城市鹽都區行政中心、鹽城國家高新技術產業開發區內，總建築面積為75,600平方米，主要用於物業管理業務下的租賃服務。於報告期間，零售租賃市場持續面臨顯著低迷。為應對此艱困的市場環境，本集團作出戰略決策，暫停其物業管理業務分部的購物商場的營運，以進行翻新工程。此舉旨在提升商場的設施水平及整體吸引力，從而為物業奠定基礎，以期在未來的租賃活動中取得更佳表現並創造更高回報。儘管翻新工程暫時對收益造成影響，但管理層認為此項投資是確保長遠增長及在租賃市場中保持競爭力的必要一步。

除家居廣場外，本集團亦擁有一個位於江蘇省鹽城市彩虹路西側、總建築面積約20,000平方米的酒店項目。酒店的建設已暫停。

最後，本集團開始於香港承接部分建築工程項目。

MAJOR CUSTOMERS AND SUPPLIERS

In the year under review, revenue from the Group's five largest customers accounted for about 44.9% (2024: 45.2%) of the Group's total revenue for the year and the revenue from the largest customer accounted for about 14.2% (2024: 23.5%) of the Group's total revenue.

The Group's five largest customers comprise PRC state-owned companies and private enterprises and overseas enterprises which have business relationships with the Group for a period ranging from two to nine years. Services provided to them by the Group include CRD Business, and EPD and Water Management Business. Their contracts with the Group were project-based, which provided for either monthly progress payments with reference to the value of work completed each month or annual payments with a fixed percentage for each year throughout the contract period. Such credit terms were in line with those granted to other customers of the Group.

During the year ended 31 December 2025, the Board resolved to make an expected credit loss allowance of approximately RMB10,924,000 for trade receivables (2024: RMB6,883,000). The allowance for expected credit loss was based on the assessment in recoverability and the judgement by the management after considering the estimated future cash flows discounted at the present value of the original effective interest rate. For details please refer to note 10 to the financial statement in this annual report.

Since the Group's major customers accounted for a significant portion of the Group's total revenue for the year, if in the future the Group loses one of its major customers or if any of the Group's major customers significantly reduces its volume of business with the Group while the Group is unable to get new projects from other existing and/or potential customers, revenues and profitability of the Group would be heavily reduced. Nonetheless, the Group believes that it has developed close relationships with its major customers that they cannot easily replace the Group with other suppliers. The Group has also entered into contracts with and will continue to seek business from other customers.

In the year under review, supplies from the Group's five largest suppliers accounted for about 11.4% (2024: 13.7%) of the Group's total purchases for the year and supplies from the largest supplier included therein accounted for about 4.4% (2024: 6.56%) of the Group's total purchases.

None of the Directors or any of their close associates or any Shareholders (which, to the best knowledge of the Directors, own more than 5% of the Company's issued share capital (excluding treasury shares, if any)) had any interest in the Group's five largest customers and/or five largest suppliers for the year ended 31 December 2025.

主要客戶及供應商

於回顧年內，來自本集團五大客戶的收益佔本集團年內總收益之約44.9%(二零二四年：45.2%)，而來自最大客戶的收益則佔本集團總收益之約14.2%(二零二四年：23.5%)。

本集團五大客戶包括中國國有企業及私有企業以及中國境外的企業，該等企業已與本集團建立介乎二至九年的業務關係。本集團向該等企業提供的服務包括基建及填海疏浚業務以及環保疏浚及水務管理業務。彼等就每個項目與本集團簽訂合約，合約訂明根據每個月已完成的工程的價值按月支付工程進度款項，或者在合約期內每年按固定百分比支付年度款項。上述信貸期與授予本集團其他客戶者一致。

於截至二零二五年十二月三十一日止年度，董事會決議就應收賬款計提預期信貸虧損撥備約人民幣10,924,000元(二零二四年：人民幣6,883,000元)。預期信貸虧損撥備乃根據應收賬款可收回情況的評估及管理層經參考套用原實際利率貼現現值的估計未來現金流量後所作判斷而計提。有關詳情請參閱本年報財務報表附註10。

由於來自本集團的主要客戶之收益佔本集團年內大部分總收益，倘本集團日後失去其任何一個主要客戶，或本集團任何主要客戶大幅減少與本集團的業務量，而本集團無法從其他現有及/或潛在客戶獲得新項目，則本集團的收益及盈利能力將會大幅下降。然而，本集團認為，本集團與其主要客戶已建立緊密的合作關係，彼等不會輕易以其他供應商取代本集團。本集團亦已與其他客戶訂立合約，並且將繼續向其他客戶尋求業務。

於回顧年內，向本集團五大供應商購買的供應品佔年內本集團總採購之約11.4%(二零二四年：13.7%)，而向其中最大供應商購買的供應品則佔本集團總採購之約4.4%(二零二四年：6.56%)。

截至二零二五年十二月三十一日止年度，概無董事或彼等的緊密聯繫人或任何股東(就董事所深知，該等人士擁有本公司已發行股本(不包括庫存股份(如有))的逾5%)於本集團五大客戶及/或五大供應商中擁有任何權益。

CONTRACT OF SIGNIFICANCE WITH CONTROLLING SHAREHOLDERS

Save as disclosed under the section headed "Continuing Connected Transactions" in this directors' report of this annual report, there was no contract of significance between the Company or any of its subsidiaries and a controlling Shareholder (as defined in the Listing Rules) or any of its subsidiaries nor any contract of significance for the provision of services to the Company or any of its subsidiaries by a controlling shareholder or any of its subsidiaries during the Reporting Period.

MANAGEMENT CONTRACTS

Save for the Contractual Arrangements between subsidiaries of the Group, no contracts concerning the management and administration of the whole or any substantial part of the business of the Group were entered into or existed during the year.

CONTINUING CONNECTED TRANSACTIONS

According to relevant PRC laws, foreign investors are prohibited from owning more than a 50% equity interest in any enterprise which owns vessels for conducting dredging business. Otherwise the Maritime Safety Administration of the PRC will not register the ownership of a vessel to an enterprise. Our Group has decided that Xiangyu PRC owns 50% of interest in the relevant vessels, being the maximum percentage that a foreign investor may own under PRC laws to register the ownership of the relevant vessels for certain commercial reasons. In addition, our Group intends to participate in some dredging projects which forbid any involvement of foreign-invested companies under PRC laws. Even in certain dredging projects which foreign-invested companies are technically allowed to engage under PRC laws, the foreign-invested companies find it difficult, in common practice, to secure dredging business opportunities. Based on the above reasons, the PRC Operational Entity has not become equity-owned by our Company, but will be controlled by our Company through the Contractual Arrangements.

與控股股東之重大合約

除本年報本董事會報告「持續關連交易」一節所披露者外，本公司或其任何附屬公司與一名控股股東(定義見上市規則)或其任何附屬公司並無訂立重大合約，亦無於報告期間就一名控股股東或其任何附屬公司向本公司或其任何附屬公司提供服務訂立任何重大合約。

管理合約

除本集團附屬公司之間的合約安排外，年內概無訂立或存在任何有關本集團全部或任何主要部分業務的管理及行政合約。

持續關連交易

根據中國有關法律，海外投資者不得於擁有可進行疏浚業務之船舶的任何企業中擁有超過50%的股本權益，否則中國海事局將不會把船舶的擁有權登記於該企業之下。本集團已決定讓翔宇中國擁有有關船舶的50%權益(即外國投資者根據中國法律可擁有的最高百分比)，以就若干商業原因登記有關船舶的擁有權。此外，本集團擬參與中國法律禁止外國投資公司參與的若干疏浚項目。儘管中國法律在理論上允許外國投資公司參與若干疏浚項目，但在一般慣例下，外國投資公司仍難以把握疏浚商機。基於上述原因，中國經營實體的股權並非由本公司擁有，而是將由本公司透過合約安排控制。

CONTINUING CONNECTED TRANSACTIONS (CONTINUED)

The followings are the major risks relating to the Contractual Arrangements:

- The Group conducts its business operation in the PRC through the PRC Operational Entity by way of the Contractual Arrangements, but certain of the terms of the Contractual Arrangements may not be enforceable under PRC laws. Therefore, in the event of breach of any agreements constituting the Contractual Arrangements by Mr. Liu, Ms. Zhou and/or the PRC Operational Entity, and if the Group is unable to enforce the Contractual Arrangements, the Group may not be able to exert effective control over the PRC Operational Entity, and the Group's ability to conduct its business may be negatively affected.
- If the PRC government finds that the Contractual Arrangements or the ownership structures or business operations of the Company or the PRC Operational Entity do not comply with any of the PRC laws and regulations, the Group's business, financial condition or results of operations could be materially and adversely affected, as revenue in relation to the Contractual Arrangements accounted for 90% of the Group's total revenue for the year ended 31 December 2025.
- The Contractual Arrangements related to critical aspects of the Group's operations with the PRC Operational Entity and its shareholders which may not be as effective as direct ownership in providing operational control. In the event that the Group is unable to enforce these Contractual Arrangements, the Group may be unable to exert effective control over the PRC Operational Entity, and the Group's ability to conduct its business may be materially and adversely affected.
- Shareholders of the PRC Operational Entity, Mr. Liu and Ms. Zhou, may potentially have a conflict of interest with the Group, and they may breach their contracts with the Group. Such disputes and proceedings may significantly disrupt the Group's business operations, adversely affect its ability to control the PRC Operational Entity and/or otherwise result in negative publicity.

持續關連交易(續)

下列為合約安排面臨的主要風險：

- 本集團藉着合約安排透過中國經營實體於中國經營其業務，但根據中國法律，合約安排中的若干條款或未能強制執行。因此，倘劉先生、周女士及／或中國經營實體違反構成合約安排的任何協議及倘本集團無法強制執行合約安排，本集團可能無法有效地控制中國經營實體，且本集團進行其業務的能力可能會受到負面影響。
- 由於合約安排的收益佔本集團截至二零二五年十二月三十一日止年度總收益的90%，如中國政府認為合約安排或本公司或中國經營實體的擁有權架構或業務營運不符合中國任何法例及規例，本集團的業務、財務狀況或經營業績可能會受到重大不利影響。
- 於經營監控上，有關本集團與中國經營實體及其股東之間的經營的重要範疇的合約安排或不及直接擁有有效。如本集團未能強制執行該等合約安排，本集團可能無法有效控制中國經營實體，而本集團進行其業務的能力亦可能受到重大不利影響。
- 中國經營實體股東劉先生及周女士或與本集團有潛在利益衝突，且彼等或違反與本集團訂立的合約。有關糾紛及訴訟可能會嚴重中斷本集團的業務營運，對其控制中國經營實體的能力造成不利影響及／或以其他方式使其公眾形象受損。

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

We draw attention to Note 2 to the consolidated financial statements, during the year ended 31 December 2025, the Group incurred a net loss attributable to the shareholders of the Company of approximately RMB98,122,000 and, as of that date, the Group had net current liabilities of approximately RMB408,597,000. These matters, along with other matters set forth in Note 2 to the consolidated financial statements, indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern. The directors of the Company (the "Directors"), having considered the Plans and Measures being taken by the Group, are of the opinion that the Group would be able to continue as a going concern basis. Our conclusion is not modified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

本行已根據香港會計師公會頒佈的香港審計準則(「香港審計準則」)進行審計。本行在該等準則下的責任已於本報告「核數師就審計綜合財務報表須承擔的責任」一節中作進一步闡述。根據香港會計師公會頒佈的專業會計師道德守則(「守則」)，本行獨立於貴集團，並已履行守則中的其他道德責任。本行相信，本行所獲得的審計憑證能充足及適當地為本行的審計意見提供基礎。

與持續經營相關的重大不確定性

本行提呈閣下垂注綜合財務報表附註2，截至二零二五年十二月三十一日止年度，貴集團產生貴公司股東應佔淨虧損約人民幣98,122,000元，而截至該日，貴集團的流動負債淨值約為人民幣408,597,000元。該等事宜，連同綜合財務報表附註2所載其他事項，顯示存在重大不確定性或會對貴集團的持續經營能力造成重大疑問。經考慮貴集團正採取的計劃及措施後，貴公司董事(「董事」)認為貴集團將能繼續以持續經營基準營運。本行的意見並無就該事項作出修訂。

OTHER INFORMATION

The Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRS Accounting Standards issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the Directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the Directors in discharging their responsibility in this regard.

本行對綜合財務報表的意見並不涵蓋其他資料，本行亦不對該等其他資料發表任何形式的保證結論。

就本行對綜合財務報表的審計，本行的責任乃細閱其他資料，在此過程中，考慮其他資料與綜合財務報表或本行在審計過程中所知悉的情況是否存在重大抵觸或看似存在重大錯誤陳述。基於本行已執行的工作，倘本行認為其他資料存在重大錯誤陳述，本行需要報告該事實。本行就此並無任何事項須報告。

董事及審核委員會就綜合財務報表 須承擔的責任

董事負責根據由香港會計師公會頒佈的香港財務報告準則會計準則及香港公司條例的披露規定編製真實而公平的綜合財務報表，並對董事認為為使綜合財務報表的編製不存在由於欺詐或錯誤而導致的重大錯誤陳述所需的內部控制負責。

在編製綜合財務報表時，董事負責評估 貴集團持續經營的能力，並在適用情況下披露與持續經營有關的事項，以及使用持續經營為會計基礎，除非董事有意將 貴集團清盤或停止經營，或別無其他實際的替代方案。

董事亦須負責監督 貴集團的財務報告過程。審核委員會協助董事履行此方面的責任。

Independent Auditor's Report (Continued)**獨立核數師報告(續)****AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

核數師就審計綜合財務報表須承擔的責任

本行的目標乃對綜合財務報表整體是否不存在由於欺詐或錯誤而導致的重大錯誤陳述取得合理保證，並出具包括本行意見的核數師報告。本報告乃按照協定的委聘條款僅向閣下(作為整體)作出，除此之外別無其他目的。本行概不就本報告的內容對任何其他人士負責或承擔責任。

合理保證為高水平的保證，但不能保證按照香港審計準則進行的審計總能發現重大錯誤陳述。錯誤陳述可以由欺詐或錯誤引起，如果合理預期其單獨或匯總起來可能影響綜合財務報表使用者依賴綜合財務報表所作出的經濟決定，則有關的錯誤陳述可被視作重大。

作為根據香港審計準則進行審計其中一環，本行於審計過程中運用專業判斷，保持專業懷疑態度。本行亦：

- 識別及評估由於欺詐或錯誤而導致綜合財務報表存在重大錯誤陳述的風險，設計及執行審計程序以應對該等風險，以及獲取充足及適當的審計憑證，作為本行意見的基礎。由於欺詐可能涉及串謀、偽造、蓄意遺漏、虛假陳述，或凌駕於內部控制之上，因此未能發現因欺詐而導致出現重大錯誤陳述的風險高於未能發現因錯誤而導致出現重大錯誤陳述的風險。
- 瞭解與審計相關的內部控制，以設計在有關情況下屬適當的審計程序，但目的並非對貴集團內部控制的有效性發表意見。
- 評估董事所採用會計政策的適當性以及作出會計估計及相關披露的合理性。

Independent Auditor's Report (Continued) 獨立核數師報告(續)

- conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. 2. BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS

Going concern assessment

The Directors have, at the time of approving the consolidated financial statements, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the consolidated financial statements.

During the year ended 31 December 2025, the Group incurred a net loss attributable to the shareholders of the Company of approximately RMB98,122,000 (2024: RMB322,050,000) and, as of that date, the Group had net current liabilities of approximately RMB408,597,000 (2024: RMB459,355,000).

The conditions described above indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern and hence, its ability to realise its assets and discharge its liabilities in the normal course of business.

In preparing the consolidated financial statements, the Directors have given careful consideration to the future liquidity of the Group. The Directors have reviewed the Group's cash flow projections prepared by management. The cash flow projections cover a period of not less than twelve months from 31 December 2025. They are of the opinion that, taking into account the following plans and measures (the "Plans and Measures"), the Group would have sufficient working capital to finance its operations and to meet its financial obligations as and when they fall due within the next twelve months from 31 December 2025. Nevertheless, the consolidated financial statements were prepared based on the assumption that the Group can be operated as a going concern, after taking into consideration of the following:

2. 綜合財務報表的呈列基準

持續經營評估

董事在批准綜合財務報表時，合理預期本集團有充足資源在可見未來繼續以營運方式存續。因此，彼等在編製綜合財務報表時，繼續採用持續經營會計基準。

於截至二零二五年十二月三十一日止年度，本集團產生本公司股東應佔淨虧損約人民幣98,122,000元（二零二四年：人民幣322,050,000元），而截至當日，本集團有流動負債淨值約人民幣408,597,000元（二零二四年：人民幣459,355,000元）。

上述情況顯示本集團存在重大不明朗因素，而該因素可能對本集團持續經營的能力以及其於日常業務過程中變現資產及償還負債之能力構成重大疑問。

編製綜合財務報表時，董事已審慎考慮本集團之未來流動性。董事已審閱管理層編製之本集團現金流量預測。現金流量預測涵蓋自二零二五年十二月三十一日起不少於十二個月的期間。彼等認為，經考慮以下計劃及措施（「計劃及措施」），本集團將擁有足夠營運資金支持其營運及履行其將於二零二五年十二月三十一日起計未來十二個月內到期的財務責任。然而，於考慮下列各項後，綜合財務報表乃按本集團可以持續經營的假設而編製：

For the year ended 31 December 2025 截至二零二五年十二月三十一日止年度

2. BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Going concern assessment (Continued)

- (1) As disclosed in note 27, the Company obtained a letter of undertaking (the "Letter of Undertaking") dated 11 March 2026 from Mr. Liu that: (i) Mr. Liu has agreed not to request the Group to repay the amount due to him of approximately RMB56,458,000 included in the amounts due to related parties until the Group has sufficient funds to meet any liabilities and financial obligations as and when they fall due in the coming twelve months from 31 December 2025; and (ii) Mr. Liu has also agreed to provide sufficient funds to the Group so that the Group will be able to meet any liabilities and financial obligations as and when they fall due in the coming twelve months from 31 December 2025;
- (2) The Directors consider that Group has good track record and relationship with the lenders of the Group's bank and other borrowings and the availability of assets to be used as collateral and thus, the Directors are confident that the banks and lenders will agree to renew its bank and other borrowings which will be matured within the next twelve months from 31 December 2025;
- (3) The Group is continuously in seeking for additional sources of financing and borrowings to finance the settlement of its existing financial obligations and future operating and capital expenditures; and
- (4) The Group continues to generate cash inflows from its operating activities by implementing measures to tighten cost controls over various operating expenses in order to improve its cash flows position and to generate greater positive cash inflows from its business and operations in the future.

2. 綜合財務報表的呈列基準(續)

持續經營評估(續)

- (1) 如附註27所披露，本公司接獲劉先生日期為二零二六年三月十一日之承諾函(「承諾函」)，當中表示：(i)劉先生同意，直至本集團擁有充足資金償付任何將於二零二五年十二月三十一日起計未來十二個月內到期之負債及履行有關期間之所有財務責任為止，不會要求本集團償還應付其款項約人民幣56,458,000元，有關款項計入應付關聯方款項；及(ii)劉先生亦同意將為本集團提供充足資金，致使本集團能夠償付任何將於二零二五年十二月三十一日起計未來十二個月內到期之負債及履行有關期間之所有財務責任；
- (2) 董事認為，本集團往績記錄以及與本集團的銀行及其他借貸的貸款人關係良好，以及擁有資產作為抵押品，因此董事有信心，銀行及貸款人將同意重續銀行及其他借貸，而該等借貸將於二零二五年十二月三十一日起計未來十二個月內到期；
- (3) 本集團正持續尋求額外融資及借貸來源作資金，以結清其現有財務責任以及為未來經營及資本開支融資；及
- (4) 本集團繼續通過收緊對各項營運開支施加的成本控制措施，產生來自其經營活動的現金流入，從而改善其日後現金流量狀況及增加自其業務及經營產生的正現金流入。

Notes to the Consolidated Financial Statements (Continued) 綜合財務報表附註(續)

For the year ended 31 December 2025 截至二零二五年十二月三十一日止年度

2. BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Going concern assessment (Continued)

In light of the above Plans and Measures implemented to date, the Directors are of the view that the Group has sufficient cash resources to satisfy its working capital and other financial obligations for a period of at least the next twelve months from 31 December 2025 after having taken into account of the Group's projected cash flows, current financial resources and capital expenditure requirements with respect to the production facilities and development of its business. Accordingly, the Directors are of the view that it is appropriate to prepare these consolidated financial statements on a going concern basis.

Notwithstanding the above, significant uncertainties exist as to whether the management of the Company will be able to achieve its Plans and Measures as described above. Whether the Group will be able to continue as a going concern would depend upon the Group's ability to generate adequate financing and operating cash flows in the near future and obtain the continuous financial support from its controlling shareholder.

Should the Group be unable to continue to operate as a going concern, adjustments would have to be made to restate the values of assets to their estimated recoverable amounts, to provide further liabilities that might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities respectively. The effects of these potential adjustments have not been reflected in the consolidated financial statements.

2. 綜合財務報表的呈列基準(續)

持續經營評估(續)

因應迄今所實施之上述計劃及措施，董事經考慮本集團之預期現金流量、現時之財務資源及與其業務之生產設施及發展有關之資本開支要求後認為，本集團擁有充足的現金資源，以滿足於二零二五年十二月三十一日起計最少十二個月期間之營運資金及其他財務責任。因此，董事認為以持續經營基準編製該等綜合財務報表實屬恰當。

儘管上文所述，本公司管理層能否實現上述計劃及措施仍存在重大不確定性。本集團能否持續經營將取決於本集團在不久的將來產生充足融資及經營現金流量的能力，以及來自控股股東持續的財政支援。

倘本集團無法繼續持續經營，則須作出調整將資產價值重列至其預計可收回金額，就任何未來可能出現之進一步負債作出撥備，並將非流動資產及非流動負債分別重新分類為流動資產及流動負債。該等潛在調整之影響並未反映於綜合財務報表。

New and amendments to HKFRS Accounting Standards in issue but not yet effective (Continued)

HKFRS 18 Presentation and Disclosure in Financial Statements

HKFRS 18 *Presentation and Disclosure in Financial Statements*, which sets out requirements on presentation and disclosures in financial statements, will replace HKAS 1 *Presentation of Financial Statements*. This new HKFRS Accounting Standard, while carrying forward many of the requirements in HKAS 1, introduces new requirements to present specified categories and defined subtotals in the statement of profit or loss; provide disclosures on management-defined performance measures (MPMs) in the notes to the financial statements and improve aggregation and disaggregation of information to be disclosed in the financial statements. In addition, some HKAS 1 paragraphs have been moved to HKAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors* (the title of which will be changed to *Basis of Preparation of Financial Statements upon effective of HKFRS 18*) and HKFRS 7. Minor amendments to HKAS 7 *Statement of Cash Flows* and HKAS 33 *Earnings per Share* are also made.

HKFRS 18, and amendments to other standards, will be effective for annual periods beginning on or after 1 January 2027, with early application permitted. The application of the new standard is expected to affect the presentation of the statement of profit or loss and disclosures in the future financial statements. The Group is in the process of assessing the detailed impact of HKFRS 18 on the Group's consolidated financial statements.

3. 應用新訂及經修訂香港財務報告準則會計準則(續)

已頒佈但尚未生效的香港財務報告準則會計準則新訂及修訂本(續)

香港財務報告準則第18號財務報表中的呈列及披露

香港財務報告準則第18號財務報表中的呈列及披露載列財務報表的呈列及披露規定，將取代香港會計準則第1號財務報表的呈列。該項新訂香港財務報告準則會計準則，於承襲香港會計準則第1號的多項規定的同時，引入於損益表中呈列指定類別及定義小計的新規定；於財務報表附註中提供管理層定義的表現指標(管理層定義的表現指標)之披露，並改進於財務報表中將予披露的合併及分類資料。此外，若干香港會計準則第1號的段落已移至香港會計準則第8號會計政策、會計估計變動及錯誤(其標題將於香港財務報告準則第18號生效後更改為財務報表的編製基準)及香港財務報告準則第7號。香港會計準則第7號現金流量表及香港會計準則第33號每股盈利亦作出細微修訂。

香港財務報告準則第18號及其他準則之修訂本將於二零二七年一月一日或之後開始之年度期間生效，並允許提前應用。預期新準則的應用將影響未來財務報表中的損益表之呈列及披露。本集團正在評估香港財務報告準則第18號對本集團綜合財務報表的具體影響。

4. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION

4.1 Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared in accordance with HKFRS Accounting Standards issued by the HKICPA. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis except for certain investment properties and financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

4. 綜合財務報表的編製基準及重大會計政策資料

4.1 綜合財務報表的編製基準

綜合財務報表乃根據香港會計師公會頒佈的香港財務報告準則會計準則編製。就編製綜合財務報表而言，倘有關資料合理預期會影響主要用戶作出的決定，則有關資料被視為重大。此外，綜合財務報表包括香港聯合交易所有限公司證券上市規則及香港公司條例規定的適用披露。

綜合財務報表乃按歷史成本基準編製，惟若干投資物業及金融工具乃按各報告期末的公平值計量(如下述會計政策所闡述)。

歷史成本一般根據交換貨品及服務時所付出代價的公平值計算。

4.1 Basis of preparation of consolidated financial statements (Continued)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 *Share-based Payment*, leasing transactions that are accounted for in accordance with HKFRS 16 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as value in use in HKAS 36 *Impairment of Assets*.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

4.1 綜合財務報表的編製基準(續)

公平值是於計量日期市場參與者之間於有秩序交易中出售資產所收取或轉讓負債須支付的價格，而不論該價格是否直接可觀察或使用其他估值技術估計。若市場參與者於計量日期對資產或負債定價時會考慮資產或負債的特點，則本集團於估計資產或負債的公平值時會考慮該等特點。此等綜合財務報表中作計量及／或披露用途的公平值乃按此基準釐定，惟屬於香港財務報告準則第2號以股份為基礎的付款範圍內的股份支付交易、根據香港財務報告準則第16號租賃入賬的租賃交易，以及與公平值存在若干類似特點但並非公平值的計量（如香港會計準則第36號資產減值中使用價值）除外。

非金融資產公平值計量考慮市場參與者最大限度善用資產，或將其出售予另一名將最大限度善用資產的市場參與者，從而產生經濟效益的能力。

4.1 Basis of preparation of consolidated financial statements (Continued)

For investment properties and financial instruments which are transacted at fair values and a valuation technique that unobservable inputs are to be used to measure fair value in subsequent periods, the valuation technique is calibrated so that at initial recognition the results of the valuation technique equals the transaction price.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

此外，就財務報告而言，公平值計量根據公平值計量的輸入數據可觀察程度及公平值計量的輸入數據對其整體的重要性分類為第一級、第二級或第三級，詳情如下：

- 第一級輸入數據是實體於計量日期可以取得的相同資產或負債於活躍市場的報價(未經調整)；
- 第二級輸入數據是就資產或負債直接或間接地可觀察的輸入數據(第一級內包括的報價除外)；及

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

綜合基準

綜合財務報表包括本公司及本公司及其附屬公司控制的實體(包括結構性實體)的財務報表。當本公司符合以下要素時，則本公司取得控制權：

- 對被投資方擁有權力；
- 因其參與被投資方業務而獲得或有權獲得可變回報；及
- 有能力以其權力影響其回報。

倘有事實及情況顯示上述三項控制權要素有一項或以上出現變動，本集團會重新評估其是否控制被投資方。

Basis of consolidation (Continued)

When the Group has less than a majority of the voting rights or similar rights of an investee, it considers that it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein, which represent present ownership interests entitling their holders to a proportionate share of net assets of the relevant subsidiaries upon liquidation.

Changes in the Group's interests in existing subsidiaries

Changes in the Group's interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's relevant components of equity and the non-controlling interests are adjusted to reflect the changes in their relative interest in the subsidiaries, including re-attribution of relevant reserves between the Group and the non-controlling interests according to the Group's and the non-controlling interests' proportionate interests.

Any difference between the amount by which the non-controlling interests are adjusted, and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, the assets and liabilities of that subsidiary and non-controlling interests (if any) are derecognised. A gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the carrying amount of the assets (including goodwill), and liabilities of the subsidiary attributable to the owners of the Company. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable HKFRS Accounting Standards). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under HKFRS 9 *Financial Instruments* or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

非控股權益經調整金額與已付或已收代價之公平值兩者間之任何差額直接於權益確認,並歸屬於本公司擁有人。

倘本集團失去對一間附屬公司之控制權,則取消確認該附屬公司之資產及負債及非控股權益(如有)。收益或虧損於損益內確認,並按(i)已收代價之公平值與任何保留權益之公平值之總和及(ii)本公司擁有人應佔附屬公司之資產(包括商譽)及負債之賬面值之間的差額計算。先前就該附屬公司於其他全面收入確認之所有金額均按猶如本集團已直接出售附屬公司之相關資產或負債之方式入賬(即按適用香港財務報告準則會計準則的具體規定/許可重新分類至損益或轉撥至其他權益類別)。於前附屬公司所保留的任何投資於失去控制權當日的公平值被視為根據香港財務報告準則第9號金融工具就後續會計處理進行初始確認之公平值,或(如適用)視為於聯營公司或合營企業之投資之初始確認成本。

Business combinations or asset acquisitions

Optional concentration test

The Group can elect to apply an optional concentration test, on a transaction-by-transaction basis, that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets. The gross assets under assessment exclude cash and cash equivalents, deferred tax assets, and goodwill resulting from the effects of deferred tax liabilities. If the concentration test is met, the set of activities and assets is determined not to be a business and no further assessment is needed.

Asset acquisitions

When the Group acquires a group of assets and liabilities that do not constitute a business, the Group identifies and recognises the individual identifiable assets acquired and liabilities assumed by allocating the purchase price first to investment properties which are subsequently measured under fair value model and financial assets/financial liabilities at the respective fair values, the remaining balance of the purchase price is then allocated to the other identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction does not give rise to goodwill or bargain purchase gain.

可選集中度測試

本集團可選擇以逐項交易基準應用可選集中度測試，可對所收購之一組活動及資產是否並非一項業務作簡化評估。倘所收購總資產的公平值幾乎全部都集中在單一可識別資產或一組類似可識別資產中，則符合集中度測試。評估之總資產不包括現金及現金等值物、遞延稅項資產及由遞延稅項負債影響產生之商譽。倘符合集中度測試，該組活動及資產被釐定為並非業務及毋須作進一步評估。

資產收購

當本集團收購並不構成業務的資產及負債組別，則本集團識別及確認所收購個別可識別資產及所承擔負債，方式為首先將購買價按各自的公平值分配至投資物業(其後根據公平值模式計量)以及金融資產/金融負債，購買價餘額繼而分配至其他可識別資產及負債，基準為按其於購買日期的相對公平值。該交易不會產生商譽或議價收購收益。

Business combinations or asset acquisitions (Continued)

Business combinations

A business is an integrated set of activities and assets which includes an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired processes are considered substantive if they are critical to the ability to continue producing outputs, including an organised workforce with the necessary skills, knowledge, or experience to perform the related processes or they significantly contribute to the ability to continue producing outputs and are considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

Acquisitions of businesses, other than business combination under common control are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

The identifiable assets acquired and liabilities assumed must meet the definitions of an asset and a liability in the *Conceptual Framework for Financial Reporting* (the "Conceptual Framework") except for transactions and events within the scope of HKAS 37 or HK(IFRIC)-Int 21, in which the Group applies HKAS 37 or HK(IFRIC)-Int 21 instead of the Conceptual Framework to identify the liabilities it has assumed in a business combination. Contingent assets are not recognised.

收購業務(共同控制下的業務合併除外)乃採用收購法入賬。於業務合併中轉讓的代價按公平值計量，而計算方法為本集團所轉讓的資產、本集團對被收購方前擁有人產生的負債及本集團為交換被收購方的控制權所發行的股權於收購日期的公平值的總和。與收購有關的成本一般於產生時在損益中確認。

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net amount of the identifiable assets acquired and the liabilities assumed as at acquisition date. If, after re-assessment, the net amount of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the relevant subsidiary's net assets in the event of liquidation are initially measured at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets or at fair value. The choice of measurement basis is made on a transaction-by-transaction basis.

When the consideration transferred by the Group in a business combination includes a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively. Measurement period adjustments are adjustments that arise from additional information obtained during the "measurement period" (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured to fair value at subsequent reporting dates, with the corresponding gain or loss being recognised in profit or loss.

Business combinations (Continued)

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control), and the resulting gain or loss, if any, is recognised in profit or loss or other comprehensive income, as appropriate. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income and measured under HKFRS 9 *Financial Instruments* would be accounted for on the same basis as would be required if the Group had disposed directly of the previously held equity interest.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted retrospectively during the measurement period (see above), and additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less any accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units that is expected to benefit from the synergies of the combination, which represent the lowest level at which the goodwill is monitored for internal management purposes and not larger than an operating segment.

A cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment annually or more frequently when there is indication that the unit may be impaired. For goodwill arising on an acquisition in an annual period, the cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is tested for impairment before the end of that annual period. If the recoverable amount is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit (or group of cash-generating units).

On disposal of the relevant cash-generating unit or any of the cash-generating unit within the group of cash-generating units, the attributable amount of goodwill is included in the determination of the amount of profit or loss on disposal. When the Group disposes of an operation within the cash-generating unit, the amount of goodwill disposed of is measured on the basis of the relative values of the operation (or the cash-generating unit) disposed of and the portion of the cash-generating unit retained.

就減值測試而言，商譽會分配至預期可從合併的協同效益中獲益的本集團各現金產生單位，這是商譽內部管理目的的最低水平而不大於經營分部。

獲分配商譽的現金產生單位會每年進行減值測試，或於有跡象顯示該單位可能出現減值時進行較頻密的減值測試。在年度期間進行的收購所產生的商譽，已獲分配商譽的現金產生單位(或現金產生單位組別)於年度期間結束前作減值測試。倘可回收金額少於其賬面值，則減值虧損會先用作減低商譽的賬面值，其後則按該單位(或現金產生單位組別)內各項資產賬面值的比例分配至該單位的其他資產。

於出售相關現金產生單位或現金產生單位組別中任何現金產生單位時，應佔商譽金額納入出售損益金額釐定。當本集團出售現金產生單位中的業務，出售商譽金額基於出售業務(或現金產生單位)及留存現金產生單位部分的相對價值計量。

Investments in associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting. The financial statements of associates used for equity accounting purposes are prepared using uniform accounting policies as those of the Group for like transactions and events in similar circumstances. Under the equity method, an investment in an associate is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate. When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

The Group assesses whether there is an objective evidence that the interest in an associate may be impaired. When any objective evidence exists, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with HKAS 36 Impairment of assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised is not allocated to any asset, including goodwill, that forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with HKAS 36 Impairment of assets to the extent that the recoverable amount of the investment subsequently increases.

The Group applies HKFRS 9 *Financial Instruments*, including the impairment requirements, to long-term interests in an associate to which the equity method is not applied and which form part of the net investment in the investee. Furthermore, in applying HKFRS 9 *Financial Instruments*, to long-term interests, the Group does not take into account adjustments to their carrying amount required by HKAS 28 *Investments in Associates and Joint Ventures* (i.e. adjustments to the carrying amount of long-term interests arising from the allocation of losses of the investee or assessment of impairment in accordance with HKAS 28 *Investments in Associates and Joint Ventures*).

Investments in associates (Continued)

When the Group ceases to have significant influence over an associate, it is accounted for as a disposal of the entire interest in the investee with a resulting gain or loss being recognised in profit or loss. When the Group retains an interest in the former associate and the retained interest is a financial asset within the scope of HKFRS 9 *Financial Instruments*, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition. The difference between the carrying amount of the associate and the fair value of any retained interest and any proceeds from disposing of the relevant interest in the associate is included in the determination of the gain or loss on disposal of the associate. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate on the same basis as would be required if that associate had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) upon disposal/partial disposal of the relevant associate.

Changes in the Group's interests in associates and joint ventures

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Group reduces its ownership interest in an associate but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

When a group entity transacts with an associate of the Group, profits and losses resulting from the transactions with the associate are recognised in the consolidated financial statements only to the extent of interests in the associate that are not related to the Group.

Revenue from contracts with customers

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good and service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group’s performance as the Group performs;
- the Group’s performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group’s performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

倘符合下列其中一項標準,控制權在一段時間內轉移,而收益確認會按一段時間內完全滿足相關履約責任的進度進行:

- 客戶同時收取及耗用由本集團履約所帶來的利益;
- 本集團履約導致產生及提升於本集團履約時由客戶控制的資產;或

Contract assets and contract liabilities

A contract asset represents the Group's right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9 *Financial Instruments*. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

A contract asset and a contract liability relating to a contract are accounted for and presented on a net basis.

Over time revenue recognition: measurement of progress towards complete satisfaction of a performance obligation

Output method

Where revenue is recognised over time, the progress towards complete satisfaction of a performance obligation is measured based on output method, which is to recognise revenue on the basis of direct measurements of the value of the goods or services transferred to the customer to date relative to the remaining goods or services promised under the contract, that best depict the Group's performance in transferring control of goods or services.

Variable consideration

For contracts that contain variable consideration, the Group estimates the amount of consideration to which it will be entitled using either (a) the expected value method or (b) the most likely amount, depending on which method better predicts the amount of consideration to which the Group will be entitled.

The estimated amount of variable consideration is included in the transaction price only to the extent that it is highly probable that such an inclusion will not result in a significant revenue reversal in the future when the uncertainty associated with the variable consideration is subsequently resolved.

At the end of each reporting period, the Group updates the estimated transaction price (including updating its assessment of whether an estimate of variable consideration is constrained) to represent faithfully the circumstances present at the end of the reporting period and the changes in circumstances during the reporting period.

Contract modifications are changes in the scope or price (or both) of a contract that are approved by the parties to the contract. The Group recognises a contract modification when the parties to a contract approve a modification that either creates new, or changes existing, enforceable rights and obligations of the parties to the contract. Contract modifications are included in the transaction price only if it is probable that the modification estimate will not result in a significant reversal of revenue. The nature of the Group's contracts seldom give rise to contract modifications based on historical information and thus contract modifications are not routine in the performance of the Group's contracts.

Further information about the Group's accounting policies relating to revenue from contracts with customers is provided in Note 7 to the consolidated financial statements.

估計可變代價金額僅在可變代價相關不明朗因素其後得以解決時，有關計入幾乎不會導致日後出現重大收益撥回的情況下計入交易價格。

本集團於各報告期末更新估計交易價格(包括更新其對可變代價估計是否受限的評估)，以忠實呈列本報告期間末存在的情況以及於本報告期間的情況變化。

合約修訂是經合約訂約方批准的合約範圍或價格(或兩者)的變更。本集團於合約訂約方批准新設或變更合約訂約方的現有可執行權利與義務等修訂時確認合約修訂。僅在修訂估計不可能導致收益重大逆轉的情況下，合約修訂方可計入交易價格內。根據過往資料，本集團的合約性質極少發生合約修訂的情況，因此，合約修訂並非本集團履行合約的慣例。

Leases

The Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception of the contract. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as a lessee

Allocation of consideration to components of a contract
For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Non-lease components are separated from lease component on the basis of their relative stand-alone prices.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to leases of property, plant and equipment that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straightline basis unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

Except for those are classified as investment properties and measures under fair value model, right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 Financial Instruments and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. The incremental borrowing rate depends on the term, currency and start date of the lease and is determined based on a series of inputs including: the risk-free rate based on government bond rates; a country-specific risk adjustment; a credit risk adjustment based on bond yields; and an entity-specific adjustment whether the risk profile of the entity that enters into the lease is different to that of the Group and whether the lease benefit from a guarantee from the Group.

可退還租賃按金

已付可退還租賃按金根據香港財務報告準則第9號金融工具入賬，並初步按公平值計量。於初始確認時對公平值的調整被視為額外租賃付款，並計入使用權資產成本。

租賃負債

於租賃開始日期，本集團按於該日未支付之租賃付款現值確認及計量租賃負債。於計算租賃付款現值時，倘租賃利率影響並不易於釐定，則本集團使用於租賃開始日期的增量借款利率。增量借款利率取決於租賃期、貨幣及租賃開始日期，並根據一系列輸入數據釐定，包括：基於政府債券利率的無風險利率；國家特定風險調整；基於債券收益率的信用風險調整；就訂立租賃之實體的風險狀況是否有別於本集團的風險狀況且租賃是否受惠於本集團的擔保情況，針對實體作出的特定調整。

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever:

- the lease payments change due to changes in market rental rates following a market rent review/expected payment under a guaranteed residual value, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.
- a lease contract is modified and the lease modification is not accounted for as a separate lease (see below for the accounting policy for "lease modifications").

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

The Group as a lessee (Continued)

Lease modifications

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability, less any lease incentives receivable, based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group as lessor

Classification and measurement of leases

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Amounts due from lessees under finance leases are recognised as receivables at commencement date at amounts equal to net investments in the leases, measured using the interest rate implicit in the respective leases. Initial direct costs (other than those incurred by manufacturer or dealer lessors) are included in the initial measurement of the net investments in the leases. Interest income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

- 透過加入使用一項或以上相關資產的權利而增加租賃範圍的修訂；及
- 租賃的代價增加，金額相等於擴大範圍的單獨價格，以及為反映特定合約的情況而對該單獨價格的適當調整。

倘租賃修訂並以獨立租賃入賬，則本集團將根據經修訂租賃的租期，重新計量租賃負債減任何應收租賃獎勵，方法為利用於修訂生效日期的經修訂貼現率，貼現經修訂租賃付款。

本集團作為出租人

租賃分類及計量

本集團為出租人之租賃會分類為融資或經營租賃。凡租賃之條款將相關資產擁有權附帶之絕大部分風險及回報轉移至承租人者，該合約即分類為融資租賃。所有其他租賃均分類為經營租賃。

根據融資租賃應收承租人的款項於開始日期按等於租賃淨投資的金額確認為應收款項，有關金額使用相關租賃隱含的利率計算得出。租賃淨投資的初始計量須計入初始直接成本(不包括製造商或交易商出租人產生的成本)。利息收入分配至會計期間，以反映該等租賃下本集團尚未償還淨投資的穩定定期回報率。

Leases (Continued)

The Group as lessor (Continued)

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset, and such costs are recognised as an expense on a straight-line basis over the lease term except for investment properties measured under fair value model. Variable lease payments for operating leases that depend on an index or a rate are estimated and included in the total lease payments to be recognised on a straight-line basis over the lease term. Variable lease payments that do not depend on an index or a rate are recognised as income when they arise. When a lease contract contains a specific clause that provides for rent reduction or suspension of rent in the event that the underlying assets (or any part thereof) are affected by adverse events beyond the control of the Group and the lessee so as to render the underlying assets unfit or not available for use, the relevant rent reduction or suspension of rent resulting from the specific clause is accounted for as part of the original lease and not as a lease modification. Such rent reduction or suspension of rent is recognised in profit or loss in the period in which the event or condition that triggers those payments to occur.

Interest and rental income which are derived from the Group's ordinary course of business are presented as revenue.

Allocation of consideration to components of a contract

When a contract includes both leases and non-lease components, the Group applies HKFRS 15 *Revenue from Contracts with Customers* to allocate consideration in a contract to lease and non-lease components. Non-lease components are separated from lease component on the basis of their relative stand-alone selling prices.

Refundable rental deposits

Refundable rental deposits received are accounted for under HKFRS 9 *Financial Instruments* and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments from lessees.

Sale and leaseback transactions

The Group applies the requirements of HKFRS 15 *Revenue from Contracts with Customers* to assess whether sale and leaseback transaction constitutes a sale by the Group.

For a transfer that does not satisfy the requirements as a sale, the Group as a seller-lessee continues to recognise the assets and accounts for the transfer proceeds as other borrowings within the scope of HKFRS 9 *Financial Instruments*.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Any specific borrowing that remains outstanding after the related asset is ready for its intended use or sale is included in the general borrowing pool for calculation of capitalisation rate on general borrowings. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under "other income".

Employee benefits

Retirement benefit costs

Payments to defined contribution schemes are recognised as an expense when employees have rendered service entitling them to the contributions. For forfeited contributions that are not vest fully, if any, may be used to reduce the existing level of contributions.

Payments made to state-managed retirement benefit schemes are dealt with as payments to defined contribution plans where the Group's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit plan.

Short-term and other long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS Accounting Standard requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurements are recognised in profit or loss except to the extent that another HKFRS Accounting Standard requires or permits their inclusion in the cost of an asset.

Share-based payments

Equity-settled share-based payment transactions

Share awards/Share options granted to employees
Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value of the equity-settled share-based payments determined at the grant date without taking into consideration all non-market vesting conditions is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (share options reserve). At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest based on assessment of all relevant non-market vesting conditions. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share options reserve.

When share options are exercised, the amount previously recognised in share options reserve will be transferred to share capital and share premium. When the share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share options reserve will be transferred to retained profits/accumulated losses.

Taxation

Income tax expense represents the sum of current and deferred income tax expense.

Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit/(loss) before tax" as reported in the consolidated statement of profit or loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of each reporting period.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associate, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interest are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

遞延稅項

遞延稅項乃就綜合財務報表中資產及負債賬面值與計算應課稅溢利所用相應稅基間的臨時差額而確認。遞延稅項負債通常會就所有應課稅臨時差額確認。遞延稅項資產通常就所有可扣稅臨時差額於可能出現應課稅溢利以抵銷該等可扣稅的臨時差額時確認。若於一項交易中，因於初步確認(非業務合併)資產與負債而引致的臨時差額既不影響應課稅溢利亦不影響會計溢利，則不會確認該等遞延稅項資產與負債。此外，倘初步確認商譽而引致臨時差額，則不會確認遞延稅項負債。

與附屬公司及聯繫人的投資有關的應課稅臨時差額會確認遞延稅項負債，惟倘本集團可控制臨時差額撥回及臨時差額可能不會於可見將來撥回則除外。與該等投資及利息相關的可扣減臨時差額產生的遞延稅項資產僅於可能將有足夠應課稅溢利以應用臨時差額的利益且預期將於可見將來撥回時確認。

Deferred Tax (Continued)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

In assessing any uncertainty over income tax treatments, the Group considers whether it is probable that the relevant tax authority will accept the uncertain tax treatment used, or proposed to be use by individual group entities in their income tax filings. If it is probable, the current and deferred taxes are determined consistently with the tax treatment in the income tax filings. If it is not probable that the relevant taxation authority will accept an uncertain tax treatment, the effect of each uncertainty is reflected by using either the most likely amount or the expected value.

Property, plant and equipment

Property, plant and equipment including buildings and leasehold land (classified as finance leases) held for use in the production or supply of services or administrative purposes (other than construction in progress as described below) are stated in the consolidated statement of financial position at cost, less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

年內的即期及遞延稅項

於評估所得稅處理的任何不確定性時，本集團考慮相關稅務機關是否有可能接受個別集團實體在其各自的所得稅申報中使用或擬使用的不確定稅務處理。如可能接受，即期及遞延稅項按與所得稅申報相同的稅務處理方法釐定。如相關稅務機關不可能接受不確定稅務處理，則採用最有可能金額或預期價值反映各項不確定性的影響。

Property, plant and equipment (Continued)

Properties, plant and equipment in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Costs include any cost directly attributable to bringing the asset to location and condition necessary for it to be capable of operating in the manner intended by management and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties, plant and equipment are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

If an item of property, plant and equipment becomes an investment property because its use has changed as evidenced by end of owner-occupation, any difference between the carrying amount and the fair value of that item (including the relevant leasehold land classified as right-of-use assets) at the date of transfer is recognised in other comprehensive income and accumulated in property revaluation reserve. On the subsequent sale or retirement of the asset, the relevant revaluation reserve will be transferred directly to retained profits.

Depreciation is recognised so as to write off the cost of assets (other than properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Investment properties

Investment properties are properties or right-of-use assets by the lessee held to earn rentals and/or for capital appreciation (including properties under construction for such purposes).

Investment properties are initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at fair value, adjusted to exclude any prepaid or accrued operating lease income.

Gains or losses arising from changes in the fair value of investment properties are included in profit or loss for the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposals. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss in the period in which the property is derecognised.

Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at costs less accumulated amortisation and any accumulated impairment losses. Amortisation for intangible assets with finite useful lives is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less any subsequent accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Impairment losses on property, plant and equipment, right-of-use assets and intangible assets other than goodwill

At the end of each reporting period, the Group reviews the carrying amounts of its property, plant and equipment, right-of-use assets and intangible assets with finite useful lives to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss, if any.

The recoverable amount of property, plant and equipment and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash-generating unit or group of cash-generating units.

Recoverable amounts of property, plant and equipment and right-of-use assets are the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (as a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

物業、廠房及設備以及使用權資產及無形資產(商譽除外)的減值虧損

於各報告期末，本集團會審閱其具有限定使用年期之物業、廠房及設備以及使用權資產及無形資產的賬面值，以判斷是否有任何跡象顯示該等資產已出現減值虧損。倘存在任何該等跡象，會對有關資產的可回收金額進行估計，以釐定減值虧損(如有)的程度。

物業、廠房及設備以及使用權資產的可收回金額乃獨立估算。倘未能估算個別資產的可收回金額，本集團將估算資產所屬現金產生單位的可收回金額。

在測試一個現金產生單位是否發生減值時，倘合理及一貫分配基準能夠成立，企業資產會被分配到相關的現金產生單位，或分配至具有合理及一貫分配基準的最小現金產生單位組別。可收回金額透過企業資產所屬的現金產生單位或現金產生單位組別來釐定，並與相關現金產生單位或現金產生單位組別的賬面值比較。

物業、廠房及設備以及使用權資產可收回金額為公平值減出售成本與使用價值兩者中的較高值。於評估使用價值時，乃以反映目前市場對金錢時間價值及資產作為現金產生單位於估計未來現金流量調整前的獨有風險的稅前貼現率折算估計未來現金流量至其現值。

Impairment losses on property, plant and equipment, right-of-use assets and intangible assets other than goodwill (Continued)

If the recoverable amount of an asset loss or gain is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro-rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised as income immediately.

倘減值虧損隨後被撥回，則該資產(或現金產生單位)的賬面值會增加至其重新估計的可收回金額，但增加後的賬面值不得超過該資產(或現金產生單位)於以往年度未確認減值虧損時釐定的賬面值。減值虧損的撥回立即確認為收入。

Cash and cash equivalents

Cash and cash equivalents presented on the consolidated statement of financial position include:

- (a) cash, which comprises of cash on hand and demand deposits, excluding bank balances that are subject to regulatory restrictions that result in such balances no longer meeting the definition of cash; and
- (b) cash equivalents, which comprises of short-term (generally with original maturity of three months or less), highly liquid investments that are readily convertible to a known amount of cash and which are subject to an insignificant risk of changes in value. Cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes.

For the purposes of the consolidated statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts which are repayable on demand and form an integral part of the Group's cash management. Such overdrafts are presented as short-term borrowings in the consolidated statement of financial position.

Bank balances for which use by the Group is subject to third party contractual restrictions are included as part of cash unless the restrictions result in a bank balance no longer meeting the definition of cash. If the contractual restrictions to use the cash extend beyond 12 months after the end of the reporting period, the related amounts are classified as non-current in the consolidated statement of financial position.

- (b) 現金等值物，其包括短期（通常原到期日為三個月或更短）、可隨時轉換為已知數額現金且價值變動風險不大的高流動性投資。現金等值物持作滿足短期現金承擔，而非用於投資或其他目的。

就綜合現金流量表而言，現金及現金等值物包括上文定義的現金及現金等值物（未計及按要求償還的未償還銀行透支），其構成本集團現金管理的一部分。該等透支於綜合財務狀況表呈列為短期借貸。

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

Contingent liabilities

A contingent liability is a present obligation arising from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Where the Group is jointly and severally liable for an obligation, the part of the obligation that is expected to be met by other parties is treated as a contingent liability and it is not recognised in the consolidated financial statements.

The Group assesses continually to determine whether an outflow of resources embodying economic benefits has become probable. If it becomes probable that an outflow of future economic benefits will be required for an item previously dealt with as a contingent liability, a provision is recognised in the consolidated financial statements in the reporting period in which the change in probability occurs, except in the extremely rare circumstances where no reliable estimate can be made.

或然負債

或然負債指因過往事件引致但不予確認的現時責任，原因為履行該責任不大可能需含有經濟利益的資源流出或責任金額未能充分可靠地計量。

倘本集團須共同及個別承擔責任，則預期由其他方履行的責任部分會被視為或然負債，而不會於綜合財務報表確認。

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade and other receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15 Revenue from contracts with customers. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in profit or loss.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest/dividend income which are derived from the Group's ordinary course of business are presented as revenue.

Financial assets

All regular way purchases or sales of financial assets are recognised and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established generally by regulation or convention in the market place concerned.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income ("FVTOCI"):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL, except that at initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 *Business Combinations* applies.

- (i) Amortised cost and interest income
Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost and debt instruments/receivables subsequently measured at FVTOCI. For financial instruments other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit impaired.
- (ii) Equity instruments designated as at FVTOCI
Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the other reserve; and are not subject to impairment assessment. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, and will be transferred to retained profit/accumulated losses.

Impairment of financial assets subject to impairment assessment under HKFRS 9

The Group performs impairment assessment under expected credit losses ("ECL") model on financial assets (including trade and other receivables and bank balances), and other items (including contract assets) which are subject to impairment under HKFRS 9 *Financial Instruments*. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("12m ECL") represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment is done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of past events and current conditions at the reporting date as well as the forecast of future economic conditions.

The Group always recognises lifetime ECL for trade and other receivables and contract assets without significant financing component. The ECL on these assets are assessed individually for debtors with significant balances and/or collectively using a provision matrix with appropriate groupings.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

根據香港財務報告準則第9號須進行減值評估的金融資產減值

本集團根據金融資產(包括應收賬款及其他應收款項以及銀行結餘)及根據香港財務報告準則第9號金融工具進行減值的其他項目(包括合約資產),按照預期信貸虧損(「預期信貸虧損」)模型進行減值評估。預期信貸虧損的金額會於各報告日期予以更新以反映自初始確認起的信貸風險變動。

全期預期信貸虧損指於有關工具預期年內所有可能的違約事件將產生的預期信貸虧損。相反,十二個月預期信貸虧損(「十二個月預期信貸虧損」)指於報告日期後十二個月內可能發生的違約事件預期產生的該部分全期預期信貸虧損。本集團已根據其歷史信貸虧損經驗完成評估,並就債務人特定因素、整體經濟環境以及對報告日期的過去事件及當前狀況及日後經濟狀況預測的評估作出調整。

本集團一直就無重大融資成分的應收賬款及其他應收款項及合約資產確認全期預期信貸虧損。該等資產的預期信貸虧損乃就具重大結餘的應收賬款進行個別評估及/或採用具合適組別的撥備矩陣進行整體評估。

就所有其他工具而言,本集團計量虧損撥備等於十二個月預期信貸虧損,除非當信貸風險自初始確認以來顯著上升,則本集團確認全期預期信貸虧損。是否應確認全期預期信貸虧損乃根據自初始確認以來出現違約的可能性或風險顯著上升而評估。

- (i) Significant increase in credit risk
- In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organisations, as well as consideration of various external sources of actual and forecast economic information that relate to the Group's core operations.

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

- (i) Significant increase in credit risk (Continued)
- Despite the foregoing, the Group assumes that the credit risk on a debt instrument has not increased significantly since initial recognition if the debt instrument is determined to have low credit risk at the reporting date. A debt instrument is determined to have low credit risk if i) it has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations. The Group considers a debt instrument to have low credit risk when it has an internal or external credit rating of 'investment grade' as per globally understood definitions.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate. For contracts with large state-owned enterprise or local government, the Group would assess the exposure individually taking into consideration specific facts and circumstances in considering when an event of default has occurred.

- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over five years past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

(v) 預期信貸虧損的計量及確認

預期信貸虧損的計量為違約概率、違約損失率(即違約時的損失程度)及違約風險暴露的函數。評估違約概率及違約損失率的依據是經前瞻性資料調整的過往數據。預期信貸虧損估計反映各項加權違約風險釐定的無偏差及概率加權金額。

預期信貸虧損通常根據合約應付本集團的所有合約現金流量與本集團預計收取的現金流量(按初始確認時釐定的實際利率折現)之間的差額估算。

For collective assessment, the Group takes into consideration the following characteristics when formulating the grouping:

- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables and contract assets where the corresponding adjustment is recognised through a loss allowance account.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Company's statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial liabilities and equity

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instrument

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities at amortised cost

The Group's financial liabilities including trade and other payables, amounts due to related parties and a non-controlling shareholder of a subsidiary, bank borrowing, other borrowings and lease liabilities are subsequently measured at amortised cost, using the effective interest method.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period to the net carrying amount on initial recognition. Interest expense is recognised on an effective interest basis.

Derecognition

Derecognition/modification of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

When the contractual terms of a financial liability are modified, the Group assess whether the revised terms result in a substantial modification from original terms taking into account all relevant facts and circumstances including qualitative factors. If qualitative assessment is not conclusive, the Group considers that the terms are substantially different if the discounted present value of the cash flows under the new terms, including any fees paid net of any fees received, and discounted using the original effective interest rate, is at least 10 per cent different from the discounted present value of the remaining cash flows of the original financial liability. Accordingly, such modification of terms is accounted for as an extinguishment, any costs or fees incurred are recognised as part of the gain or loss on the extinguishment. The exchange or modification is considered as non-substantial modification when such difference is less than 10 per cent.

當且僅當本集團的責任獲解除、取消或屆滿時，本集團方會終止確認金融負債。已終止確認的金融負債賬面值與已付及應付代價之間的差額會於損益中確認。

當金融負債的合約條款被修訂時，本集團會考慮所有相關事實及情況(包括定性因素)，評估經修訂的條款是否導致對原有條款有重大修訂。倘定性評估並無定論，則倘若按新條款以原有實際利率按現金流量(包括扣除任何已收取費用的任何已付費用)貼現的現值與原有金融負債的剩餘現金流量的貼現現值最少有10%的差額，則本集團認為條款有重大差異。因此，條款的修訂按抵銷方式處理，任何已產生的成本或費用將確認為抵銷的部分收益或虧損。倘有關差額少於10%，則有關交換或修訂視作非重大改動。

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in Note 4 to the consolidated financial statements, the Directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations (see below), that the Directors have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements and the results, assets and liabilities of the PRC Operational Entity (as defined in Note 41) and its subsidiaries are consolidated with other group entities.

Going concern and liquidity

As explained in Note 2, the consolidated financial statements have been prepared on a going concern basis and have not included any adjustments that would be required should the Group fail to continue as a going concern since the Directors of the Company are satisfied that the liquidity of the Group can be maintained in the coming year after taking into the considerations as detailed in Note 2. The Directors of the Company also believe that the Group will have sufficient cash resources to satisfy its future working capital and other financing requirements for the next twelve months from 31 December 2025.

5. 關鍵會計判斷及估計不明朗因素的主要來源

於應用本集團會計政策時(載述於綜合財務報表附註4)，董事須就未能從其他來源直接獲得的資產與負債賬面值作出判斷、估計及假設。估計及相關假設乃基於過往經驗及被認為有關的其他因素作出。實際結果可能有別於該等估計。

估計及相關假設乃按持續經營基準予以檢討。倘會計估計的修訂僅影響估計獲修訂的期間，則會計估計的修訂於該期間予以確認，倘若修訂影響現時及未來期間，則會計估計的修訂於修訂及未來期間內予以確認。

應用會計政策時的關鍵判斷

除涉及估計(見下文)的判斷外，以下為董事在採用本集團會計政策過程中所作出、對在綜合財務報表中確認的金額具最重大影響的關鍵判斷，而中國經營實體(定義見附註41)及其附屬公司的業績、資產及負債乃與其他集團實體綜合入賬。

持續經營及流動資金

誠如附註2所述，綜合財務報表乃按持續經營基準編製，且並無包括倘本集團未能繼續按持續經營基準經營而須作出之任何調整，原因為本公司董事信納本集團之流動資金可於來年維持，並已計及附註2所詳述之考慮因素。本公司董事亦相信，本集團將擁有足夠現金資源以應付其自二零二五年十二月三十一日起未來十二個月之流動資金及其他融資需求。

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONTINUED)

Consolidation of a structured entity

The Group conducts a substantial portion of the business through the PRC Operational Entity and its subsidiaries in the PRC due to the PRC laws and regulations prohibit or restrict foreign ownership of companies from owning more than 50% equity interest in any enterprise which owns vessels for conducting dredging business in the PRC. The PRC Operational Entity and its subsidiaries are engaged in the provision of dredging services of the Group.

As explained in Note 41, on 19 April 2011, Xiangyu PRC (as defined in Note 41), the PRC Operational Entity and its respective equity participants, being Mr. Liu and Ms. Zhou, entered into the Contractual Arrangements (as defined in Note 41) and details of the Contractual Arrangements are set out in Note 41.

The Group does not have any equity interest in the PRC Operational Entity and its subsidiaries. The Directors assessed whether or not the Group has control over the PRC Operational Entity and its subsidiaries based on whether the Group has the power over the PRC Operational Entity and its subsidiaries, has rights to variable returns from its involvement with the PRC Operational Entity and its subsidiaries and has the ability to affect those returns through its power over the PRC Operational Entity and its subsidiaries. After assessment, the Directors concluded that the Group has control over the PRC Operational Entity and its subsidiaries as a result of the Contractual Arrangements and other measures and accordingly, the Group has consolidated the financial information of the PRC Operational Entity and its subsidiaries for both years.

應用會計政策時的關鍵判斷(續)

結構性實體合併

本集團主要透過中國經營實體及其中國附屬公司進行業務，此乃由於中國法律及規定禁止或限制外資公司於任何擁有可進行疏浚業務的船舶的中國企業中擁有超過50%的股權。中國經營實體及其附屬公司從事提供本集團疏浚服務業務。

如附註41所闡述，於二零一一年四月十九日，翔宇中國(定義見附註41)、中國經營實體及其各參股方(即劉先生及周女士)訂立合約安排(定義見附註41)，有關合約安排的詳情載於附註41。

本集團於中國經營實體及其附屬公司內並無任何股權。董事乃按本集團是否對中國經營實體及其附屬公司擁有權力、是否有權就其參與中國經營實體及其附屬公司獲得可變回報以及是否有能力透過其對中國經營實體及其附屬公司之權力影響該等回報之基準評估本集團是否控制中國經營實體及其附屬公司。經評估後，董事得出結論，認為因合約安排及其他措施使然，本集團控制中國經營實體及其附屬公司，因此本集團就兩個年度均已合併中國經營實體及其附屬公司之財務資料。

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONTINUED)

Critical judgements in applying accounting policies (Continued)

Consolidation of a structured entity (Continued)

In the opinion of the Directors, based on the advice of its legal counsel, the Contractual Arrangements are in compliance with the existing PRC laws and regulations are valid, binding and legally enforceable, and do not result in any violation of PRC laws or regulations currently in effect in all material respects. However, uncertainties in the PRC legal system could cause the Group's current Contractual Arrangements structure to be found in violation of any existing and/or future PRC laws or regulations and could affect the Company's ability, through Xiangyu PRC, to enforce its rights and power over the PRC Operational Entity and its subsidiaries under the Contractual Arrangements.

The operation of the Group was substantially derived from the PRC Operational Entity and its subsidiaries. If the current structure or any of the Contractual Arrangements were found to be in violation of PRC Laws and regulations, the Group may be subject to penalties, which in the future may include but not be limited to, the cancellation or revocation of the Group's business and operating licenses, being required to restructure the Group's operations or discontinue the Group's operating activities. The imposition of any of these or other penalties may result in a material and adverse effect on the Group's ability to conduct its operations. In such case, the Group may not be able to operate or control the PRC Operational Entity and its subsidiaries, which may result in deconsolidation of it.

The total assets, total liability and loss for the year of the PRC Operation Entity and its subsidiaries are shown in Note 41.

董事認為，按法律顧問意見，合約安排已遵守現有中國法律及規定，為有效、具約束力及法律依從性，並將於各重大方面不會導致違反中國現行法律或規定。然而，中國法律體系存有不確定性，可能會引致本集團現時的合約安排架構違反任何現有及／或未來中國法律或規定，並可影響本公司透過翔宇中國強制行使其對合約安排項下中國經營實體及其附屬公司的權利及權力的能力。

本集團的業務主要來自中國經營實體及其附屬公司。倘現有架構或任何合約安排違反任何中國法律法規，本集團可能會受到處罰(日後可能包括但不限於取消或撤銷本集團的業務及營業執照)，需要重組本集團的業務或終止本集團的經營活動。判以任何該等或其他處罰可能會對本集團經營其業務的能力造成重大不利影響。在此情況下，本集團或許無法營運或控制中國經營實體及其附屬公司，或會導致其取消綜合入賬。

本年度中國經營實體及其附屬公司之總資產、總負債及虧損載於附註41。

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONTINUED)

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets within the next financial year.

Estimates of fair values of investment properties

Investment properties are measured at fair value at the end of the reporting period using income capitalised approach or market approach performed by independent professional valuers and the determination of the fair value involves certain assumptions of market conditions. Such valuations are based on certain assumptions, which are subject to uncertainty and might materially differ from the actual results. In relying on the valuation report, the Directors have exercised their judgment and are satisfied that the assumptions used in the valuation reflect market condition. Whilst the Group considers valuations of the Group's investment properties are the best estimates, which have led to higher degree of uncertainties in respect of the valuations in the current year. Where there are any changes in the assumptions due to the market conditions in the PRC, the estimate of fair value of investment properties may be significantly affected.

As at 31 December 2025 and 31 December 2024, details of the Group's investment properties are set out in Note 19.

ECL allowances for trade receivable and contract assets

Management regularly assesses the loss allowances for ECL on trade receivables and contract assets and recognises lifetime ECL for trade receivables and contract assets. Allowances for these receivables and contract assets are made based on evaluation of ECL for trade receivables and contract assets and involve exercise of management's judgments, which are made by reference to the estimation of the future cash flows discounted at the original effective interest rate to calculate the present value. A considerable amount of judgment is required in assessing the ultimate realisation of these debtors, including their current creditworthiness and the risk of default occurring on debtors with significant balances and/or collectively using a provision matrix with appropriate groupings. The assessment on the probability of default and loss given default is based on historical data adjusted by forward-looking information.

As at 31 December 2025 and 31 December 2024, details of the Group's trade receivables and contract assets are set out in Notes 23 and 22, respectively.

估計不明朗因素的主要來源

下列為有關未來的主要假設，以及於報告期末有重大風險或會導致下個財政年度資產的賬面值出現重大調整的估計不明朗因素的其他主要來源。

投資物業的公平值估計

投資物業於報告期末乃由獨立專業估值師採用收益資本化法或市場法按公平值計量，且公平值之釐定包括若干市況假設。該等估值乃基於若干假設，或會受不確定性因素影響且可能與實際結果有重大出入。在依賴估值報告時，董事已行使判斷且信納估值中所用假設反映了市場狀況。而本集團認為本集團投資物業的估值為最佳估計，導致本年度的估值的更大程度不確定性。倘因中國市況導致假設出現任何變動時，投資物業的公平值估計或會受到重大影響。

於二零二五年十二月三十一日及二零二四年十二月三十一日，本集團的投資物業詳情載於附註19。

應收賬款及合約資產預期信貸虧損撥備

管理層定期評估應收賬款及合約資產預期信貸虧損的虧損撥備，及確認應收賬款及合約資產全期預期信貸虧損。應收賬款及合約資產撥備基於應收賬款及合約資產預期信貸虧損評估作出，由管理層參考按計算現值的初始實際利率貼現的未來現金流量估計作出判斷。大量判斷需要評估該等債務人最終變現，包括其目前信譽及具有重大結餘的債務人的違約風險及／或對適當組別統一運用撥備矩陣。違約可能性及違約虧損評估基於經前瞻性資料調整的歷史資料作出。

於二零二五年十二月三十一日及二零二四年十二月三十一日，本集團的應收賬款及合約資產詳情分別載於附註23及22。

Key sources of estimation uncertainty (Continued)

Impairment of property, plant and equipment and right-of-use assets

Property, plant and equipment and right-of-use assets are stated at costs less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Group has to exercise judgement and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, which is determined based on the higher of fair value less cost of disposal or value-in-use of each cash-generated unit; and (3) the appropriate key assumptions and inputs data to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the recoverable amount of the assets.

As at 31 December 2025 and 31 December 2024, details of the Group's property, plant and equipment and right-of use assets are set out in Notes 17 and 18, respectively.

物業、廠房及設備以及使用權資產減 值

物業、廠房及設備以及使用權資產按成本減累計折舊及減值(如有)列賬。於釐定資產是否減值時，本集團須運用判斷及作出估計，尤其是評估：(1)是否有事件已發生或有任何跡象可能影響資產價值；(2)資產賬面值是否能夠以可收回金額支持，有關金額乃按各現金產生單位之公平值減出售成本或使用價值之較高者而釐定；及(3)將應用於估計可收回金額(包括現金流量預測及適當貼現率)的適當關鍵假設及輸入數據。更改有關假設及估計(包括現金流量預測中的貼現率或增長率)，可顯著影響資產的可收回金額。

7. REVENUE (CONTINUED)

(c) Performance obligations for contracts with customers and revenue recognition policies (Continued)

Revenue from contracts with customers (Continued)

(1) (Continued)

The Group recognises revenue on the basis of the volume of dredging works performed and delivered to customers. The measurements of value of the dredging works transferred to customers are directly invoiced based on a quantitative measure of dredging, that is, a unit price for the material dredged per cubic meter is set forth in the contracts with customers and therefore the revenue is recognised based on the amount invoiced. As the Group's performance creates an asset that customer simultaneously receives and consumes, this method provides a faithful depiction of the transfer of an asset to the customer.

The transaction price of the Group is determined upon establishment of the contract that contains the unit price for the quantity dredged for dredging projects.

For Other Marine Business, the Group provides marine hoisting, installation, salvaging, vessel chartering and other engineering services to clients and recognises revenue over time based on the progress of the services provided.

The Group's dredging and related contracts include payment schedules which require stage payments over the construction period once certain specified milestones are reached. The Group requires certain customers to provide upfront deposits, when the Group receives a deposit before construction commences, this will give rise to contract liabilities at the start of a contract, until the revenue recognised on the specific contract exceeds the amount of the deposit.

本集團的交易價乃於訂立包含疏浚項目疏浚量的單價的合約後釐定。

就其他海事業務而言，本集團為客戶提供海上吊裝、安裝、打撈、船舶包租及其他工程服務，並根據所提供服務的進度隨時間確認收益。

本集團的疏浚及相關合約包括付款時間表，其要求一旦達成若干指定里程碑時，便須於工程期間支付階段性付款。本集團要求若干客戶提供先付按金，當本集團於工程開展前收到按金時，此金額將於合約開始時列為合約負債，直至指定合約之已確認收益大於按金金額。

根據減值評估，於二零二四年十二月三十一日，該等已識別樓宇的總賬面值為約人民幣42,207,000元，高於其估計可收回金額約人民幣8,379,000元。因此，減值虧損約人民幣33,828,000元已於該年度確認並在損益予以扣除，以將樓宇的賬面值減至其可收回價值。

The lease contracts do not contain residual value guarantee and/or lessee's option to purchase the property at the end of lease term.

Valuation of investment properties

The Group engaged an independent professional qualified valuer to perform the fair value valuation of its investment properties.

In determining the fair value of the relevant properties, the Chief Financial Officer of the Company is responsible to determine the appropriateness of valuation techniques and inputs for fair value measurements. The Chief Financial Officer works closely with the independent professional qualified valuer to establish the appropriate valuation techniques and inputs to the model. This valuation requires the use of unobservable inputs and is within Level 3 of the fair value hierarchy. The valuations of the Group's investment properties were based on the income capitalisation method by capitalisation of net rental income derived from the existing tenancies with allowance for the reversionary rental income potential of the properties in order to arrive at the fair value.

The amount represents the Group's investment cost in a private entity established in the PRC (the "Unlisted Entity"). This investment is not held for trading, instead, it is held for long-term strategic purposes. The Directors have elected to designate this investment as equity instrument at FVTOCI as they believe that recognising short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes and realising their performance potential in the long run.

The Directors consider that, as at 31 December 2025 and 31 December 2024, the carrying amount of the investment approximates to its fair value.

金額代表本集團投資於中國成立的民營企業(「非上市實體」)之成本。投資並非持作買賣，而是持作達成長遠策略目的。由於董事相信，確認該等投資於損益反映的公平值的短期波動與本集團為長遠目的持有該等投資及實現其長遠潛在表現的策略不符，因此已選擇將該等權益工具投資指定為按公平值計入其他全面收益列賬。

董事認為，於二零二五年十二月三十一日及二零二四年十二月三十一日，投資的賬面值與其公平值相若。

31. DEFERRED TAX LIABILITIES (CONTINUED)

At the end of the reporting period, the aggregate amount of temporary differences associated with undistributed earnings of subsidiaries for which deferred tax liabilities have not been recognised was approximately RMB178,796,408 (2024: RMB240,198,000). No liability has been recognised in respect of these differences because the Group is in a position to control the timing of the reversal of the temporary differences and it is probable that such differences will not be reversed in the foreseeable future.

At the end of the reporting period, the Group has unused tax loss of approximately RMB482,553,000 (2024: RMB328,857,000), no deferred tax asset has been recognised for the unused tax loss due to unpredictability of future profit streams for both years.

At the end of the reporting period, the Group has unrecognised deductible temporary differences of approximately RMB54,701,000 (2024: RMB1,464,654,000), including impairment loss provided for property, plant and equipment, trade and other receivables and prepayments, contract assets. In the opinion of the Directors, such temporary differences are not probable to be utilised in the foreseeable future taking into account the fact that no sufficient taxable profits will be available. Accordingly, no deferred tax asset has been recognised in relation to such deductible temporary difference as at 31 December 2025 and 2024.

31. 遞延稅項負債(續)

於報告期末，與仍未確認遞延稅項負債的附屬公司的未分配盈利有關的暫時性差額總額約為人民幣178,796,408元(二零二四年：人民幣240,198,000元)。由於本集團可控制暫時性差額的撥回時間，而預期於可見將來不會撥回該等差額，因此並無就該等差額確認負債。

於報告期末，本集團的未動用稅項虧損約為人民幣482,553,000元(二零二四年：人民幣328,857,000元)。由於無法預測兩個年度的未來溢利來源，故並無就未動用稅項虧損確認遞延稅項資產。

於報告期末，本集團有未確認之可減除暫時性差額約人民幣54,701,000元(二零二四年：人民幣1,464,654,000元)，當中包括就物業、廠房及設備、應收賬款、其他應收款項及預付款項以及合約資產計提之減值虧損撥備。考慮到並無足夠應課稅溢利，董事認為上述暫時性差額於可見將來不大可能會被動用。因此，於二零二五年及二零二四年十二月三十一日，並無就有關可減除暫時性差額確認遞延稅項資產。

Market risk

(i) Currency risk

The Group's major operating subsidiaries have foreign currency sales and transactions, which expose the Group to foreign currency risk. The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

In respect of trade receivables and payables held in currencies other than the functional currency of the operations to which they relate, the Group ensures that the net exposure is kept to an acceptable level, by buying or selling foreign currencies at spot rates where necessary to address short-term imbalances.

The management considered that the Group's exposure to the foreign current risk on financial assets and liabilities is not significant. Accordingly, no sensitivity analysis is presented.

(i) 貨幣風險

本集團的主要營運附屬公司進行外幣銷售及交易，令本集團面臨外幣風險。本集團目前並無外幣對沖政策。然而，管理層監察外匯敞口，並將於有需要時考慮對沖重大外匯敞口。

就以有關業務之功能貨幣以外之貨幣持有之應收賬款及應付賬款而言，本集團在必要時按即期匯率買賣外匯以解決短期不均衡，以確保淨敞口乃維持於可接受水平。

管理層認為，本集團就金融資產及負債所面臨的外幣風險敞口並不重大。因此，並無編製敏感度分析。

(ii) Interest rate risk

The Group is mainly exposed to cash flow interest rate risk in relation to variable-rate bank balances for the year ended 31 December 2025 and 31 December 2024. In addition, the Group was also exposed to fair value interest rate risk in relation to fixed-rate bank borrowings, other borrowings, lease liabilities, amounts due to non-controlling shareholders of a subsidiary, certain trade receivables and pledged bank deposits as at 31 December 2025 and 31 December 2024.

The Group currently does not have an interest rate hedging policy. However, the management monitors interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

In the opinion of the Directors, the reasonably possible change in interest rates for bank balances and the variable-rate bank borrowing is insignificant. No sensitivity analysis is presented.

(ii) 利率風險

本集團主要承受與截至二零二五年十二月三十一日及二零二四年十二月三十一日止年度的以浮動利率計息之銀行結餘。此外，於二零二五年十二月三十一日及二零二四年十二月三十一日，本集團亦承受與以固定利率計息之銀行借貸、其他借貸、租賃負債、應付一間附屬公司非控股股東款項、若干應收賬款以及已抵押銀行存款相關的公平值利率風險。

本集團現時並無利率對沖政策。然而，管理層監察利率風險，並將於需要時考慮對沖重大利率風險。

董事認為，銀行結餘及以浮動利率計息之銀行借貸之利率可能出現的合理變動不大，故並無編製敏感度分析。

Credit risk and impairment assessment

Credit risk refers to the risk that the Group's counterparties default on their contractual obligations resulting in financial losses to the Group. The Group's credit risk is primarily attributable to trade receivables and contract assets. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount. In view of the history of business dealings with the customers and the collection history of the receivables due from them, management believes that there is no material credit risk inherent in the Group's outstanding receivable balance due from these customers. Management makes periodic assessment on the recoverability of the trade receivables and contract assets based on historical payment records, the length of the overdue period, the financial strength of the debtors and whether there is any dispute with the debtors. In addition, the Group performs impairment assessment under ECL model upon application of HKFRS 9 *Financial Instruments* on trade receivables and contract assets individually or based on provision matrix. In this regard, the management considers that the Group's credit risk is significantly reduced.

The Group's concentration of credit risk by geographical locations is mainly in PRC, which accounted for 98% (31 December 2024: 100%) of the total trade receivables and contract assets as at 31 December 2025.

The Group has concentration of credit risk as 15% (31 December 2024: 12%) and 48% (31 December 2024: 30%) of the total trade receivables was due from the Group's largest customer and the five largest customers respectively.

The five largest customers are categorised as doubtful and low risk customers.

信貸風險及減值評估

信貸風險指本集團的對手方沒有履行其合約責任而導致本集團面臨財務虧損的風險。本集團的信貸風險主要來自應收賬款及合約資產。管理層訂有信貸政策，並會持續監控信貸風險。所有申請超出特定信貸金額的客戶均須接受信貸評估。鑒於過往與該等客戶進行業務往來的經驗以及應收該等客戶款項的收款記錄，管理層認為本集團尚未收回的應收該等客戶款項結餘本質上並無重大信貸風險。管理層根據債務人的過往付款記錄、逾期時長、財務實力及是否曾與本集團出現任何糾紛，定期評估應收賬款及合約資產的可收回性。此外，本集團採納國際財務報告準則第9號金融工具並使用預期信貸虧損模型，按個別基準或基於撥備矩陣對應收賬款及合約資產進行減值評估。就此而言，管理層認為本集團的信貸風險已大幅降低。

於二零二五年十二月三十一日，本集團按地區劃分的信貸風險主要集中於中國，佔應收賬款及合約資產總額的98%(二零二四年十二月三十一日：100%)。

由於應收賬款總額的15%(二零二四年十二月三十一日：12%)及48%(二零二四年十二月三十一日：30%)分別來自本集團最大的客戶及五大客戶，故本集團承受集中性信貸風險。

五大客戶已獲歸類為可疑及低風險客戶。

For trade receivables and contract assets, the Group has applied the simplified approach in HKFRS 9 *Financial Instruments* to measure the loss allowance at lifetime ECL. Except for debtors with significant outstanding balances or credit-impaired, the Group determines the expected credit losses on these items by using a provision matrix.

In making the assessment on expected loss rates, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate, obtained from economic expert reports, financial analysts, governmental bodies, relevant think-tanks and other similar organisations, as well as consideration of various external sources of actual and forecast economic information that relate to the Group's core operations. The grouping is regularly reviewed by management to ensure relevant information about specific debtors is updated.

在評估預期虧損率時，本集團會考慮合理且可提供理據的定量及定性資料，包括無需付出不必要的成本或努力即可得到的歷史經驗及前瞻性資料。所慮及的前瞻性資料包括經濟專家報告、財務分析師、政府機構、相關智囊團及其他類似組織預測的本集團債務人所處行業的未來前景，以及與本集團核心業務相關的實際或預測經濟資料的各種外部來源。歸類工作經管理層定期檢討，以確保指定債務人之相關資料乃屬最新資料。

Other receivables and prepayments

The Group measures the loss allowance equal to 12m ECL for other receivables. For those balances expected to have significant increase in credit risk since initial recognition, the Group apply lifetime ECL based on aging for classes with difference credit risk characteristics and exposures. As at 31 December 2025, included in other receivables and prepayments included counter parties who were in financial difficulties and the management of the Group considers the probability of default is significant for those balances. For the remaining non trade nature balances, management of the Group considers the probability of default by assessing the counterparties' financial background and creditability and accordingly a total impairment of approximately RMBnil (2024: nil) was provided as at 31 December 2025.

Bank balances and cash

Credit risk on bank balances is limited because the counterparties are reputable banks with high credit ratings assigned by international credit agencies. The Group has no other significant concentration of credit risk.

其他應收款項及預付款項

本集團就其他應收款項計量之虧損計提之撥備等同其十二個月預期信貸虧損。由於預期該等餘額之信貸風險將較初始確認時大幅增加，故本集團根據具有不同信用風險特徵及程度的類別之賬齡採用全期預期信貸虧損。於二零二五年十二月三十一日，其他應收款項及預付款項包括存在財務困難的對手方，本集團管理層認為該等餘額的違約概率高。就其餘非貿易性質餘額而言，本集團管理層透過評估對手方的財務背景及信譽釐定違約概率，因此於二零二五年十二月三十一日作出減值總額約人民幣零元(二零二四年：零)。

銀行結餘及現金

由於對手方為獲國際信貸評級機構評為具高信貸評級且為具有良好信譽的銀行，故銀行結餘的信貸風險有限。本集團並無其他重大集中性信貸風險。

(c) Fair value

The fair values of financial assets and financial liabilities are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices or rates from observable current market transactions as input.

The Group's investment properties are stated at their fair value and details of which are set out in Note 19.

The Directors consider that the carrying amounts of financial assets and financial liabilities measured at amortised costs in the consolidated financial statements approximate their fair values.

(c) 公平值

金融資產及金融負債的公平值乃藉由基於已貼現現金流量分析之公認定價模型而釐定，有關分析以現時可觀察市場交易價格或利率作為輸入數據。

本集團投資物業以公平值列值，詳情載於附註19。

董事認為於綜合財務報表中按攤銷成本計量的金融資產及金融負債的賬面值與其公平值相若。

41. PARTICULARS OF PRINCIPAL SUBSIDIARIES (CONTINUED)

Notes:

- (1) None of the subsidiaries had any debt securities outstanding at the end of the reporting period, or at any time during the year.
- (2) The issued shares of the subsidiary of the Company were pledged to secure borrowings of the Group as at 31 December 2025.

(3) Consolidated structured entity

PRC laws and regulations prohibit or restrict foreign ownership of companies from owning more than 50% equity interest in any enterprise which owns vessels for conducting dredging business in the PRC. The Group conducts a substantial portion of the business through the PRC Operational Entity and its subsidiaries who are engaged in the provision of dredging services of the Group.

On 19 April 2011, Xiangyu PRC, the PRC Operational Entity and its respective equity participants, being Mr. Liu and Ms. Zhou entered into a series of agreements (the "Contractual Arrangements"). The PRC Operational Entity is engaged in the provision of dredging services of the Group.

Key provisions of the Contractual Arrangements are as follows:

(i) Option Agreement

Xiangyu PRC, PRC Operational Entity, Mr. Liu and Ms. Zhou entered into an exclusive option agreement (the "Option Agreement") whereby Mr. Liu and Ms. Zhou have irrevocably granted Xiangyu PRC an option to acquire, directly or through one or more nominees, the entire equity interest held by Mr. Liu and Ms. Zhou in PRC Operational Entity at a price (the "Acquisition Cost") equivalent to the fair market value of such equity interest or, where applicable, the amount as permitted by the applicable PRC laws. The Acquisition Cost, when received, will be contributed by Mr. Liu and Ms. Zhou to Xiangyu PRC as capital surplus. Subject to the compliance with the PRC laws, Xiangyu PRC may exercise the option at any time, in respect of all or part of the equity interest of PRC Operational Entity and in any manner at its sole discretion.

(3) 合併結構性實體

中國法律及規定禁止或限制公司之外國擁有者於任何擁有可進行疏浚業務的船舶的中國企業中持有超過50%的股權。本集團大部分業務均透過中國經營實體及其從事提供本集團疏浚服務之附屬公司進行。

於二零一一年四月十九日，翔宇中國、中國經營實體與其各參股方(即劉先生及周女士)訂立一系列協議(「合約安排」)。中國經營實體從事提供本集團的疏浚服務。

中國經營實體與翔宇中國於二零一一年四月十九日訂立三份船舶抵押協議(「船舶抵押協議」)。據此中國經營實體以翔宇中國為受益人，向翔宇中國抵押(i)其於「抓揚101號」挖泥船中的全部權益；(ii)其於「開進1號」挖泥船中的50%權益及(iii)其於「開進3號」挖泥船中的50%權益，以作為中國經營實體準時支付綜合服務協議項下當時結欠翔宇中國的到期諮詢服務費用及償還保證金(以及相關利息及開支等)的抵押。

根據船舶抵押協議，在未取得翔宇中國事先書面同意的情况下，中國經營實體不得抵押或出售其於已抵押船舶或其中任何部分的權益。翔宇中國有權在發生若干違約事件的情况下行使其出售已抵押船舶的權利，包括但不限於中國經營實體沒有支付有擔保債務或沒有履行綜合服務協議。

(v) Vessel Pledge Agreements (Continued)

The Directors, are of the view that the terms of the Contractual Arrangements have in substance enabled Xiangyu PRC to have power over the PRC Operational Entity and rights to variable returns from its involvement with the PRC Operational Entity, and has the ability to use its power to affect its returns, despite the absence of formal legal equity interest held by the Group therein. Accordingly, PRC Operational Entity is accounted for as a consolidated structured entity as a subsidiary of the Company.

The following summarised financial information in respect of PRC Operational Entity and its subsidiaries, excluding Jiangsu Jiaolong and its subsidiary which is a material subsidiary of PRC Operational Entity, which represents amounts before intragroup eliminations.

43. LITIGATIONS AND CONTINGENT LIABILITIES

During the year ended 31 December 2025, certain subsidiaries of the Group in PRC are subject to enforcement or/and named defendants in lawsuits issued in the Mainland China arising in the ordinary course of business and thus, property, plant and equipment and bank balances amounting to RMB6,991,000 (2024: RMB56,511,000) and RMB1,137,000 (2024: RMB681,000) respectively were frozen by the courts regarding these litigations.

Provision has been made for the probable losses to the Group on those claims when management can reasonably estimate the outcome of the lawsuits taking into account of the legal advice (see Note 25(c)). The Group does not include any pending lawsuits in the contingent liabilities disclosed if the probability of loss is remote or the claim amount is insignificant to the Group. The Directors are of the view that the final outcome of the litigations will not have a significant impact to the financial position and financial performance of the Company in the coming years.

當管理層考慮法律意見後能夠合理估計訴訟的結果時，則會就本集團因該等申索而可能面臨的虧損作出撥備(見附註25(c))。倘導致虧損的可能性微乎其微或申索金額對本集團而言並不重大，本集團不會於所披露的或然負債中包括任何待決訴訟。董事認為，訴訟的最終結果於未來數年將不會對本公司的財務狀況及財務表現構成重大影響。
